

Additional Travel Requirements for COVID-19 by Province – July 29, 2020

In addition to the nationally applicable requirements outlined on our webpage, U.S. citizen travelers departing Argentina may be subject to additional provincial and local government requirements. More information can be found on the respective provincial and local government websites.

The U.S. Embassy is aware of the following additional provincial travel requirements. This list is not exhaustive, and travelers are encouraged to verify specific requirements with local authorities. If your province is not listed, the U.S. Embassy does not have information on specific additional requirements for your province, but this does not mean additional requirements do not exist. U.S. citizens must organize their own travel.

Chubut

- A provincial travel permit is required. U.S. citizens may apply at <http://www.seguridad.chubut.gov.ar> by clicking on “circular por razones particulares.”
- Provincial authorities encourage but do not require a health certificate.

Córdoba

- Entry and transit in the province is permitted only between the hours of 7:00 a.m. and 9:00 p.m and only through ten designated points/routes: routes 19, 158, 9 South (highway), 8, 7 (to the east and to the west), 35, 148, 38, 60, and 9 North.

Corrientes

- A health certificate is required. Contact local authorities to determine which hospitals are authorized to issue the certificate.

La Pampa

- A health certificate is required. Contact *Epidemiología* at 0-800-333-1135 or 02954-619-130 to request one.
- Proof of arrival in the province and departure from the province is required.

La Rioja

- Passengers departing La Rioja via bus will be subject to a health check at the bus station.

Mendoza

- Passengers departing Mendoza via bus will be subject to a health check at the bus station.

Misiones

- A health certificate is required. A private doctor may issue said certificate.

Río Negro

- A health certificate is required. A private doctor or a hospital may issue said certificate.

Salta

- A health certificate is required. A private doctor or a hospital may issue said certificate.

San Luis

- A provincial travel permit is required. U.S. citizens may apply at <http://www.formcovid19.sanluis.gov.ar>.

Santa Cruz

- A health certificate is required. A private doctor or a hospital may issue said certificate.
- A provincial travel permit is required. U.S. citizens may apply at circulacion.santacruz.gob.ar by clicking “certificado por razones particulares.”

Santa Fe

- **All persons** entering the province must download the “COVID-19 Provincia de Santa Fe” application from their relevant app store.
 - All travelers are encouraged by provincial authorities to complete a “self-test” available in the app no more than 48 hours before arrival in the province.
 - Those who are unable to download the app (the province notes that it is not available for Apple users) must complete and print a sworn statement here: https://www.santafe.gob.ar/coronavirusweb/formulario_viaje_interprovincial.
 - Note: the U.S. Embassy has not evaluated or endorsed the safety or security features of this app, and you download it at your own risk.
- **Persons coming from areas designated as having local circulation of COVID-19** must present a negative COVID-19 test in order to enter or transit Santa Fe.
 - Provincial authorities currently consider areas of local circulation to be the same as those designated by the Argentine Ministry of Health: <https://www.argentina.gob.ar/salud/coronavirus-COVID-19/zonas-definidas-transmision-local>.
 - The test must have been administered no more than 72 hours immediately preceding arrival at the border of Santa Fe.
 - This regulation may include those transiting the province on their way to Buenos Aires as well as their drivers.
- These requirements have shifted frequently. For more information, contact the [Santa Fe Ministry of Health](#).
